Description –

How long could we let the same old chocolate, vanilla, strawberry and pineapple flavoured cakes and traditional pastries prevail?

Revolution had to break in!

So, here we are…

Vadodara's very own French sweetness dreamland – La Patisserie 20

A SWEET STORY

Not long ago… There was a Princess named Deepali. She studied Finance, worked for few years as Marketing Head only to find her heart yearning for something else. After toggling from India to Australia, working as a volunteer cook in meals on wheels, princess started melting her heart-felt passion for the culinary art. From the French lands of artistic Paris she learnt her gastronomical excellence at Le Cordon Bleu, Paris; one of world's most eminent names in the culinary art.

She then made it her mission to bring the rich sweetness of delighting pastries and bakery varieties to the cultural capital of Gujarat, Vadodara. On _____, princess Deepali started her sweetness retreat named La Patisserie 20 at Vadodara's largest and most-premium InOrbit Mall. Serving the most premium and authentic varieties of Cupcakes, Pastries, Tarts and Choux Pastries, La Patisserie has captured the hearts of Vadodarians in a pretty short time span.

With her secret magical wand, she continues to serve the finest of sweetness to Barodians. And this is how, the never-ending happy and tasty journey of enchanting sweetness goes on and on, with Princess Deepali Jagtap and La Patisserie 20.
