

## **WELCOME TO VIZEBH FMCG**

Vizebh FMCG is committed to delivering premium quality consumer products and other utilitarian supplements that enable enriched lifestyle and comprehensive development. Vizebh FMCG is a fertile and prosperous off-shoot from the glorious legacy of Vizebh Group.

## **ABOUT US**

Vizebh Agri Sciences Pvt. Ltd. was brought to life with the name "VIZEE" conceptualized in 2010. Vizee is a robust network of diversified and trusted Vizebh Group. We stand tall and proud on surpassing all the global standard of dairy products, nutrition supplements and quality FMCG goods across the entire brand journey. Owning a fully automated dairy processing plant with the potential of processing 1 Lac Litres of cow milk per day at Karjan, Gujarat, India, is just one of the many fundamentals, Vizee is built on.

Vizee has been carefully nurtured and flourished to build a sustainable prosperity model in order to emerge as a market leader in near future.

Being customer-friendly and quality-critical manufacturing brand, Vizee is all set to take up all challenges and surface as an uncontested winner in the realm of premium quality manufacturing brands.

## **VISION**

To establish healthy and mutually prospering products and services through inspiring innovations and premium quality standards

## **MISSION**

To create an elaborate and enhanced brand presence across India and abroad, through satisfied consumer expectations, unparalleled research and comprehensive development

## **QUALITY & SAFETY**

Keeping quality as not just a superficial concern or casual protocol, but as, critical-to-survival element; Vizee is deeply invested in enabling highest quality standards and furnishing most advanced process executions for flawlessly precise premium grade products. Considering aspects such as cleanliness, timeliness, punctuality, efficiency and implementation at the prime-focus, Vizee has been empowered to provide consistent customer satisfaction, while also surpassing all the international quality and hygiene parameters.

Our advanced machinery process and automated equipment ensure mitigated human-exposure and enhance the intact quality standards of the products, all the way from manufacturing, packaging, right up to final delivery.

Believing in the humanitarian approach of "people maketh company", Vizee also pays due importance to safety guidelines and industrial parameters. Ensuring intact implementation and regular monitoring, Vizee Management always maintains a safe and secure work-climate for its employees to work and grow in. Vizee facilities have been strategically erected with elevated emphasis on safety concerns and emergency

parameters. We also furnish regular training sessions and induction programs to keep the enthusiasm for safety and its implementation, live and boosted.
